

Canyon Creek, Montana

CANYON CREEK RURAL FIRE DISTRICT offers a diverse topography, covers roughly 106 square miles and serves over 600 people. From Gehring's bison to Flesher Pass and from the top of Racehorse Loop to deep on Little Prickly Pear Road, the land is beautiful and the community is growing.

CCRFD is reimagining what volunteerism looks like in 2026 and hopes to inspire everyone to believe that a strong, local community is an essential ingredient for safety and personal edification.

We're getting back to neighbors helping neighbors, kicking drama out the back door and hoping to have some fun in the process. Please consider finding out how YOU can help this community grow stronger together.
